PUBLIC ADVERTISEMENTS.

SHIMOGA DISTRICT.

Abstract Notification dated 8th July 1913.

The attention of the public is invited to Notification dated 7th July 1913, published at pages 1059 and 1060, Part II of the *Mysore Gazette*, dated 17th July 1913, regarding the sale of the right of collecting the Minor Forest Produce of the Shimoga District for the year 1913-14.

M. G. RAMA RAO,
District Forest Officer.

MYSORE ELECTRICAL DEPARTMENT.

Dated 18th July 1913.

Tenders were called for the supply of broken granite to be used as ballast for the Bangalore Electric Tramways by notices published in the *Mysore Gazette*, on 6th March and 19th June 1913, with abstract notices published for each case in two subsequent issues. The results of these advertisements, probably for reason of the comparatively large lots called for, were unsatisfactory and we are now calling for tenders for the same divided into smaller individual lots under conditions as follows. The tenders will be received at the Office of the Chief Electrical Engineer to the Government of Mysore up to 10th August 1913. The collection should be completed by the end of December 1913.

2. Tenders should be submitted on printed forms which may be obtained from the Chief Electrical Engineer.

3. Each tender must be accompanied by a deposit of Rs. 40 in cash for each unit of 1,000 cubic yards as earnest money, and be superscribed "Tender for collecting broken granite for Bangalore Electric Tramways," in default of which, tenders will be rejected.

4. The final acceptance of any tender will rest with the Chief Electrical Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

5. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

6. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Chief Electrical Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

7. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

8. The total quantity required is about 15,000 cubic yards divided into 15 lots of 1,000 cubic yards each. Tenders may be submitted for one or more lots of 1,000 cubic yards each.

9. The broken granite must pass through a 2″ ring and should be delivered in stocks along the Electric Tramway route at sites to be pointed out.

C. F. BEAMES,
Chief Electrical Engineer to the Government of Mysore.

KOLAR DIVISION.

Notification dated 11th July 1913.

The attention of the public is invited to the Notifications published in the *Mysore Gazette* No. 29, dated 17th July 1913, calling for tenders for constructing quarters for the Head constables at Robertsonpet and the Stevens Camp in the Kolar Gold Fields.

V. AIYASWAMI IYER,
Executive Engineer.
